COLOSSEUM OF EVIDENCE

A new and heretofore unobtainable piece of evidence which the police regard as fully important and which they hope to prove that Mrs. Charles V. T. Lee was with Alice Linsell the Saturday afternoon before she was murdered, came to light today in spite of the efforts of investigators. Inspection of the body of the victim, the bit of evidence in question, is a small glass vial containing a small amount of powder.

When Mrs. Linsell returned to the Y. M. C. A. on Wednesday night and had her change of dress "put to dinner" with her maid, she had a small glass vial in her hand, and she herself admitted the confession and stated that she was going to the bathroom where her maid was found a short while afterwards.

In making their search of Miss Linsell's room, the police discovered the small glass vial which was found in the bathroom. The evidence is one of the bits that relate to the case in the drug and confederate.

Tracing the Candy Jar.
Though the police have not yet been able to find the candy jar which was found in the bathroom of the Saturday afternoon a few hours before the girl died, they are confident that it will be found in time. Speed Only Five Miles an Hour.
The Nantuxet and Sagamore were three days delayed by the continuous rains. The day the Nantuxet from Sagamore was able to make but five miles an hour.

Inspectors Find Evidence.
The first visit was made by Captain John M. O'Brien of the Boston Bureau of Criminal Investigation.

The second visit was to Robert Hines, who was in the custody of the police.

The third visit was to the Magistrate's office, where the police found a small glass vial.

The fourth and last visit was made by Boston and Cambridge inspectors who searched and took away additional pieces of evidence from the room.

Among these items was a box of photographs of girls—very common.

Locks of hair were also found among the items.

TOBACCO MEN CONDEMN COURT TRUST DECISION

New England tobacco men declared today that the Circuit Court decision, declaring the Tobacco Trust void for discrimination, is a death blow to independent tobacco dealers. They say that as a result of the trust is now more powerful than it ever was before and that it has been given more opportunity to crush out opposition.

They declare that the agreement between Attorney General Wickham and the trust with regard to the latter's selection as fairly, with the four main features that protected them left out, as they are under the court's decision, they fear they are in for the darkest period of their business career.

No lawyer could be found in Boston who was willing to take on the effects of the decision. Some of them, particularly those with offices in plain street and near by thoroughfares, tonight when asked what they thought of it. None of them, though, would budge as opinion.

Leaf Men Are Worried.

The leaf tobacco men also are worried, as yet, but measure. A number of them are gathered in the office of L. B. Jones & Co., No. 42 Central wharf, this morning, discussing the situation. They are trying to know just how they have been hit, but they are positive that something serious has happened.

Amie H. Herring, at the United States Tobacco Company, No. 100 North Street, has been gathered in the office of L. B. Jones & Co., No. 42 Central wharf, this morning, discussing the situation. They are trying to know just how they have been hit, but they are positive that something serious has happened.

The independent tobacco men, Mr. Herring said, are not so much worried as yet, but they are positive that something serious has happened.

HE LOISE MEYER CARRIED ENOX

Miss Heloise Meyer, a sister of Secretary George W. Meyer, is receiving congratulations today from society people of Boston, Newport, New York and Washington for the way she carried her home.

In the private political fight that ever took place in the history of the world, Miss Meyer was the only woman who carried the vote.

Miss Meyer is intensely interested in politics. She is a registered voter herself. White is not a stranger to any member of the world, she believes women should take an interest in public affairs.

Miss Meyer is one of the greatest women in the history of the world. She is a registered voter herself. White is not a stranger to any member of the world, she believes women should take an interest in public affairs.

MISS GRADY URGES PARTNERSHIPS IN HOME

by SYBLE WARNE.

Don't ask your weekly salary to your wife and expect her to do every thing with it.

This, as a general rule, places too much responsibility upon the modern housekeeper.

The modern housekeeper is a much overworked person.

She has to face the milkman, the grocer, the landlord, the butcher, the newsboy and others.

Her ingenuity is often taxed to the uttermost to meet the bills.

Her budget is stretched always by the co-operation of her husband. Husband and wife are partners in business.

They are looking after each other's interests.

WOMEN LEAD ARAB FIGHTERS

MALTA, Nov. 8.—Arab women dressed in men's clothing are leading the fight against the Italians in Tripoli. This information was received here today on steamers from Tripoli.

Paragons of the struggle declared that General Cerna, commander-in-chief of the Italian troops in Tripoli is using the fact as an excuse for the brutal slaughter of women and children. According to reports they were so degraded and fought with such courage that the Italians did not suppose them of being women.

Fighting was resumed today about Tripoli and first hand-to-hand was said by the Italians.

GOVERNOR FOSS URGED FOR NATIONAL TICKET

Massachusetts Democrats are anxious to see him enter the field of national politics. In view of the wide significance of his recent victory in the gubernatorial contest, they point out that his defeat of the last incumbent of the Republican State machine was a tremendous triumph over Massachusetts and will constitute a great step for higher honors, despite his announced intention not to again seek office. Governor Foss, by carrying the ballot to the Lodge machine and routing it, has made Massachusetts a doubtful State for the next Presidential election. His Republican business associates, the whole Republican party in Massachusetts, and the Democratic party in Massachusetts are all anxious to see him elected President.

The Republican machine in Massachusetts is shattered. Some of its members have been in Washington telling their friends there was nothing to it but "Fossism." This seemed gratifying, and so the Free Voters have moved all the more concern in Washington.

Significance in Victory.
With Governor Foss on the Democratic Presidential ticket the Republicans would have a far harder task ahead of them than if the Republican ticket had been a Republican one. As a Republican who has won the election, he is entitled to be regarded as a political entity.

With a widespread demand for progressive candidates in each party, the Governor's victory in the gubernatorial election has given the Democratic party in Washington the reputation of being the party of progress.

In Washington, the reputation of Governor Foss is regarded as the most significant result in all the States of the "Three Days."

It is regarded by Republican officials as almost incredible that Massachusetts should vote so favorably in the election.

N. SALLINGER SHOWS HOW

THE PEOPLES CREDIT CO.'S "ORDER CHECK"

LETS YOU BUY ON CREDIT AT BIG STORES

IN THE HEART OF THE CITY.

SECOND ORDER CHECK EDITION, THURSDAY, NOVEMBER 9, 1911.

"DIFFERENT FROM THE REST."

MEN CAN NOW BUY THE STANDARD BRANDS OF CLOTHING ON CREDIT FOR \$1.00 A WEEK

The Peoples Credit Co., at 501 Washington St., are the Credit Agents in Boston and vicinity for the Recognized Standard Brands of High Grade Clothes that are being so extensively advertised in the magazines and local papers. They sell these makes of clothing on credit for the manufacturer and are bound by agreement not to charge one cent more for any suit or overcoat than is charged by the cash clothing stores. If a man wishes one of the advertised reputable brands of suits or overcoats it is no longer necessary for him to pay cash for it—The Peoples Credit Co. will sell it to him on credit at the regular cash price. Below are a few of the high-class clothing brands sold here on credit:

High Art Clothing, made by Strouse & Bros., Baltimore, Md., conceding to be one of the finest brands of ready-to-wear clothes in America; "Fashion Clothes" made in Rochester, N. Y., unquestionably the most fashionable clothes built for young men; "Frankel System Clothes," made by Frankel Bros., New York City, recommended to be the very best medium-priced line in the market today, including the famous Frankel Fifteen Dollar Suit, "Character Clothes" of New York City, strictly Union Made under best suit try conditions; "Tutti Clothes"—You will have to go in and ask The Peoples Credit Co. for the name of this brand of clothes. The makers will not allow them to use the name in connection with credit arrangements. It is the highest class ready-to-wear brand in America, and is handled only by the sweetest clothes shops. One is the most exclusive shop on Washington Street, and the other is the most exclusive shop on Boylston Street. The Peoples Credit Co. will sell you this brand on credit at the regular cash price.

NO MAN NEED PAY HIS WHOLE WEEK'S SALARY AT ONE TIME FOR A SUIT OR OVERCOAT

TO-DAY there is absolutely no necessity for it. In the past if a man needed a suit of clothes he either paid a full week's salary for it, or, if he were unable to part with that much money at one time, he was at the mercy of old style credit methods—which meant a high price for inferior values—for the accommodation of credit he had to take clothing of no reputation, and pay a big profit.

I have men customers who get salaries all the way from \$12 to \$50 a week. A fraction of the weekly salary enables them to open up a credit account at the Peoples Credit Co.

I revolutionized the men's department of the credit business when I made it possible for a man to buy on credit at Cash Prices, one of the leading Brands of National reputation—made by the most reputable concerns in America, who have spent hundreds of thousands of dollars advertising their product, and who stand behind every garment. We carry the following: **High Art Co.** made by Strouse & Bros., Baltimore; **Fashion Clothes**, made in Rochester, N. Y.; **Frankel System Clothes**, made by Frankel Bros., New York City, including the famous **Frankel Fifteen Dollar Suit**; **Character Clothes** (Union Made), in New York City—and several other well-known brands that we cannot name in connection with credit selling on account of special arrangements with makers. These brands are well known locally and nationally. We sell them at cash prices on credit for \$1 a week.

Our clothes are guaranteed to give good service or a new garment free—orders given for custom tailoring.

W. R. Hearst Congratulates Candidates Who Fought Cor- rupt Bossism in New York

From Today's New York American

I do not see how anyone interested in the cause represented by fusion can fail to be happy over the results of this election. Boss government received a stinging rebuke in nearly every part of the State and in nearly every county and borough of the city of New York.

Boss Murphy lost his Assembly by an overwhelming majority. The repudiation of his domination of that body and of his Levy law and Mayor Gaynor's charter is complete.

Boss government was rebuked and repudiated in Kings County and in Queens County and in the Bronx, which ought to be a county and shall be one, and in Richmond and in part of Manhattan.

The Board of Aldermen of New York County is lost to Murphy, and with it the Board of Elections, which for years has been merely the instrument for Tammany's outrageous election methods.

The Sheriff and Judicial candidates of the fusion in New York County failed of election by two or three thousand votes, but to blame the candidates for that failure would be the height of cowardice, injustice and ingratitude.

Tammany has always been considered invincible in off years in Manhattan. The Fusion county candidates who went into this battle against Tammany in Manhattan did so expecting to be defeated and willing to be sacrificed for the general good of the cause.

These candidates were told by the Fusion committee that they were named to bring out the independent vote generally, and while the office might not be quite important enough to justify their acceptance, the cause was so supremely important as to justify any sacrifice.

The candidates accepted this view of the situation, accepted the nominations, did their duty to the public and deserve the heartfelt thanks of all honest citizens.

If they had not consented to make the race, fusion would not have been possible, and this great victory for honest government would have been lost.

As it is a great victory has been won. Honest government has triumphed in nine-tenths of the districts of the city and of the State.

I said the day before election that the wave of reform which had been sweeping across the continent would break in New York in this election.

It has broken, and big and little bosses are carried away in its flood.

The victory is with Fusion and with the cause which Fusion represents, and as one citizen interested in good government and appreciative of civic spirit I wish to express my sincere thanks to the independent leaders who sacrificed themselves to make this victory possible.

WILLIAM RANDOLPH HEARST.

The Italians HAVE Killed Some Arabs—a Good Many

But Then War Is Unpleasant, at Best. And Italian Soldiers, Shot in the Back by Men Whom They Trusted, Cannot Be Expected to Deal Gently.

An English correspondent sighs because he saw Italian soldiers drag out some Arabs and shoot them without trial. He did not sufficiently emphasize the fact that those Arabs—just before—had been shooting Italian soldiers WITHOUT TRIAL.

The Italian soldiers—as the Englishman testifies—had left the Arabs alone, had not hurt or molested them. The Italians were fighting the armed, uniformed Turks. Suddenly there came a fire from the rear and the Arabs, who had hidden arms and pretended to be picking dates, joined the Turks in an attempt to massacre the Italians by a cross fire.

The Italians, better soldiers and marksmen, managed to dispose of both attacking forces.

When it was over they gave short shrift to Arabs captured. English newspapers and some American newspapers, permanently prejudiced and unfair toward the Italians, have made a great outcry in favor of the poor "murdered Arabs."

But let us remember some things. In civilized warfare everywhere, non-combatants who take up arms and begin killing on their own account without warning are treated as murderers as soon as caught.

Englishmen, Americans, Frenchmen, Germans, and all nations follow this custom. What the Italians did to the Arabs that pretended to be non-combatants—and then opened a treacherous, murderous fire—is exactly what would have been done by our soldiers, or English soldiers, or any others.

What the lackey newspaper writers do not realize is that the Arabs, shooting the Italian soldiers in the back, were committing murders based on religious fanaticism. Like the Turks and others they believe that it is a virtuous thing to kill a Christian whenever that can be done. If the Italian soldiers did not put the fear of death in the hearts of the murderous Mussulmans they would be constantly exposed to treacherous attack—and they would have to kill off entire populations or let them up—the latter impossible.

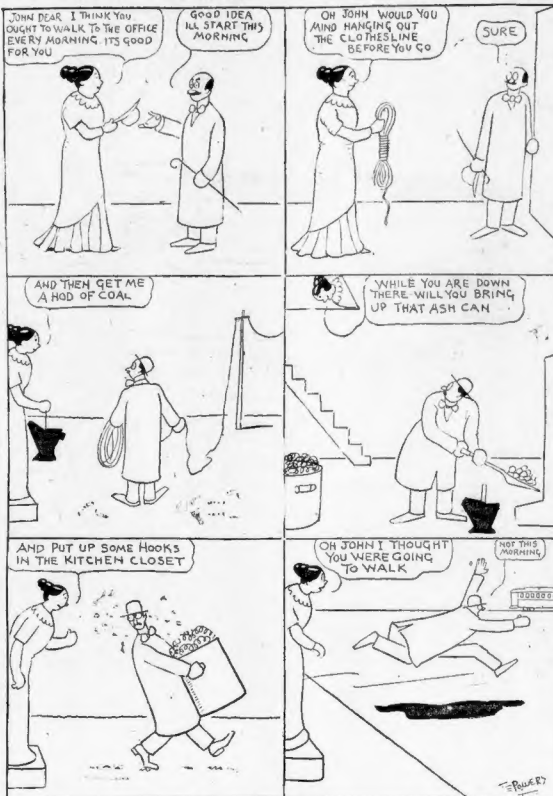

It is possible and probable that soldiers seeing their comrades treacherously murdered may have committed excesses and put to death those that had no taken part in the shooting—but in war that is not unusual.

If our newspaper writers would remember how our frontiersmen treated murderous Indians—no worse than those Arabs—and how our soldiers, equally kind-hearted, don't out the water cure and worse things to treacherous natives in the Philippines, they would be less abusive of the Italian.

We Did It This Year; Now Let Us Remember That We Can Do It Again in 1912

Editor Boston AMERICAN:

After dinner one evening last week I took my Evening AMERICAN and read with much interest and care an editorial of yours on "Lodgeism."

Will you kindly reprint that article today or to-morrow for the benefit of my army of readers?

It changed my vote from Frothingham to Foss, and I know of many more upon whose judgment it had a similar effect.

AN INDEPENDENT REPUBLICAN.

Hyde Park, Nov. 8.

The editor of this newspaper thanks the writer for his appreciation and with pleasure republishes herewith the editorial to which he refers:

Lodgeism Will Be Unhorsed in This Commonwealth if the Men of Massachusetts Do Their Duty

Five times within the last quarter of a century the citizenship of Massachusetts has risen in revolt against the tyranny of machine politics and thrown out of office the Republican party.

Each time the people rose the object of their indignation was Lodgeism and that contempt for public sentiment and opinion which is everywhere in this country the hallmark of subservience to privilege and greed.

As notes are counted by the Republican leaders, this is a Republican State by a large majority. Yet William E. Russell, William L. Douglas and Eugene N. Foss, each a Democrat and a tariff reformer, sat for five years of the last twenty-five in the Governor's chair at the State House.

How did they get there? By chance? No. By Democratic votes alone? No. Every intelligent citizen of this State knows that neither Russell, Douglas nor Foss would ever as Democrats have attained the governorship of Massachusetts if the great preponderance of the independent and patriotic public sentiment of the State, Republican and Democrat, had not united in their election.

Lodgeism was the issue that elected Russell three times in succession against the strongest candidates the Republicans could nominate. Lodgeism was the issue when Douglas swept the State. Lodgeism and all it stands for in the State and Nation was the issue which defeated Draper and elected Foss last year.

Lodgeism, as an issue, is as fully alive to-day as at any time in the past when it brought about the smash of the Republican party in Massachusetts.

The arraignment against Lodgeism made so ably by the eloquent Russell, reiterated by Douglas, the hard-headed and far-seeing man of progress, and repeated last year by Foss, is the identical arraignment upon which the people are to cast their ballots at the polls at the coming State election.

The time has gone by in Massachusetts for a political "public-be-damned" policy with which to fool all the people all the time at the behest of the leaders of the Republican machine, as it is run to-day by Henry Cabot Lodge.

The voters of the State threw aside the party of such a policy in 1891, again in 1892, and again in 1893, when they sent William E. Russell, the Democrat, to the State House as the standard bearer for tariff reform.

They threw the party of negation and of high tariff privilege overboard in 1905 when they selected as their Governor by a tremendous majority William L. Douglas, the Democrat and tariff reformer.

And once more, in the election of last November, the people hunted Lodgeism and its nominee to the woods when they put at the head of the poll Eugene N. Foss, Democrat and tariff reformer.

The causes and the issues of those years are the causes and the issues of to-day.

Henry Cabot Lodge, clamor-shrieker, oratorical mill closer and swinger of the empty dinner pail, is the grand marshal of the High Tariff-High-Cost-of-Living brigade to-day as he was in the days of the past.

In those days thinking Republican voters throughout the State threw down both himself and his stand-pat policies and voted the Democratic ticket in protest against the arrogant rule of the Republican machine.

As one swallow does not make a Summer, so one defeat, or two, or three, for Henry Cabot Lodge does not bring about his contrite conversion.

He needs another dose this year of the people's will. And he will get it if the intelligent men of Massachusetts do their duty at the polls in the State election.
